

Tell Governor Jim Doyle To Support Photo ID At The Polls!

Republican and Democrat legislators recently voted in support of legislation that would require prospective voters to show a photo ID at the polls. This is a simple, common-sense election reform that will help streamline the process, eliminate one avenue of potential fraud and help ensure law-abiding citizens that their vote will not be disenfranchised.

**GOV. JAMES E. DOYLE HAS THREATENED TO VETO THIS LEGISLATION.
IT IS UP TO YOU TO TELL GOV. DOYLE TO SIGN THE PHOTO ID REQUIREMENT INTO LAW.**

Photo ID Legislation

- Restores integrity and confidence into WI's election system.
- Ensures that every voter who casts a legal ballot is not disenfranchised by a fraudulently cast ballot.
- Similar to cashing a check at a bank or making an everyday purchase, showing a photo ID adds a level of credibility and accountability to the system.
- The first step to protecting Wisconsin's citizens from acts of voter fraud.

Photo ID Legislation Will:

- Require voters to show a valid photo ID to register to vote or to vote.
- Allow elderly/infirm voters casting absentee ballots via mail to include a written signed statement from a witness verifying their identity in lieu of a copy of a valid photo ID.
- Allow those individuals without an accurate address on their photo ID to verify their address with one of the measures prescribed under current law.
- Provide WI identification cards for those who are unable to afford the current \$9 fee.

Photo ID Legislation Will **Not**:

- Serve to disenfranchise any legal voter in the state.
- Affect the ability of elderly to participate in this process.

With reports of potential fraud and other discrepancies reported across Wisconsin in the 2004 election, we cannot wait any longer to reform the system.

Please sign this petition and ask others to join you. **Please mail to RPW, 148 E. Johnson St, Madison, WI 53703.**
